REASONS FOR ALLOWANCE

1. The following is an examiner's statement of reasons for allowance:

Claim 1 is allowable over the prior art of record, including the Van Hartesveldt et al patent, since the claim requires that the second electrode be selectively connectable to the heating strip at the second intermediate contact. While Van Hartesveldt et al disclose a second electrode (64) connected to an intermediate contact of the heating strip, the electrode is permanently rather than selectively connected to the intermediate contact since no switching is shown between that electrode and the heating elements.

Claim 57 is allowable over the prior art of record in view of the amendment of claim 57 to require a packaging machine, since it would not have been obvious to combine the applied reference with a reference teaching a packaging machine.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."

2. Any inquiry concerning this communication or earlier communications from the examiner should be directed to Teresa J. Walberg whose telephone number is 571-272-4790. The examiner can normally be reached on M-F 9:00 - 5:30.
